

India's Growth Champions return to the spotlight

Arman Proudly Stands at 75th Position amongst the growth champions.

In today's new reality, a young and savvy India seeks to pen transformational growth that can spur economic recovery and position the country among the world's most significant developing economies. India incorporated companies are playing a pivotal role in this story, not only by creating value and addressing key societal needs, but in supporting a vibrant entrepreneurial sector that is fighting uncertainties.

[The Economic Times](#) and [Statista](#) have joined hands to unveil the third edition of India's Growth Champions 2022, an ambitious initiative that aims to highlight true accelerators of the Indian economy. It represents the crème-de-la-crème of companies that have mastered the art of growing from strength to strength, year after year.

This annual ranking puts into the spotlight the fastest growing companies among all Indian industries regarding revenue. Companies must have generated minimum revenue numbers over a three-year period to register and apply, be independent entities, and have primarily demonstrated organic growth.
